Heard on the Historical Trail

Long-time Laramie County Historical Society president, Lois Mottonen recently resigned her post. A donation in her honor was made to the Wyoming Historical Foundation-WSHS Endowment. Other officers who retired are Jim Ehernberger, Mary Nystrom and Ann Shields. Favorite Wyoming weatherman, Don Day, will be their guest speaker on January 15th.

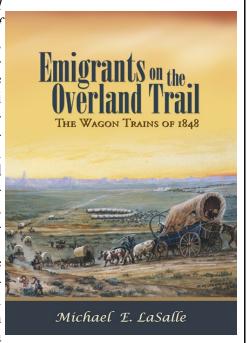

The Campbell and Platte County Historical Societies are celebrating the end of their year-long county Centennial celebrations. Both chapters report huge successes.

Congratulations to WSHS/ Albany County Historical Society member Larry Ostresh who was recently honored for his efforts to preserve the Laramie Railroad Depot. The event was held in conjunction with the dedication of the Laramie Hahns Peak and Pacific Railroad sign at the depot.

NEW BOOKS ARRIVE ON THE SCENE

Pick your favorite topic, sit down in your comfy chair and read the night away. A large variety of new books have recently been published covering everything from religion, to trails, to military service, to the CCC, to politics and much more. 2011 was a big year for authors, the majority of whom are WSHS members, so we are thrilled with their success.

"Emigrants on the Overland Trail: The Wagon Trains of 1848," by Michael E. LaSalle. provides a glimpse into the journey of people who made the challenging trek from Missouri to Oregon and California. Published by Truman State University Press, the author follows all the wagon trains that headed west in 1848, rather than following just one group. He said, "Wyoming played such an important leg in the emigrants' travel west. We are so fortunate that much of the Wyoming landscape through which the trail passed remains unchanged from what the pioneers saw. It is a treasure."

Next on our list is "Our Mark on This Land" by Ren and Helen Davis. Published by McDonald & Woodward Publishing Company, this book celebrates the works and other lasting influences of the CCC. It provides a guide for readers and travelers who want to visit those parks that best demonstrate the CCC legacy.

Congratulations to the Society's two new poster girls. Both WSHS past presidents, Maggie Layton (Riverton) and Lucille Dumbrill (Newcastle) were featured in December 10th of each year newspaper articles (Casper Star Tribune) about their contributions to history. Maggie for her work as a riveter (along with her twin sister Marge) during WWII, and Lucille for her sourdough starter that dates back to 1889. Lucille reports that women. This year they shared the since the article appeared in the December 4th issue of the Casper Star Tribune. she has received comments and questions from all over the United States. You can read both stories by searching the CST archives.

Nancy Weidel, presented her popular program about the history of sheep wagons to the Platte County Historical Society. These early "mobile homes" were manufactured in Douglas and Buffalo, niques, sustainable uses and potenamong other places.

WSHS member Ashley Rooney and Stephanie Lowe provided training to a number of chapters who are stewards of the state's monuments and markers program. Ashley says they are interested in "Beyond Testimony and Trauma: training people to become a steward which consists of an occasional Mass Violence," a conference to visit to marker in your area, taking photographs, and making sure the markers are in good shape. For details about how you can get involved call Ashley at 777-7566.

The Natrona County Chapter held their annual holiday banquet with members of the Oregon-California Trail Association in December. Partnerships like this increase a desire to get involved in Wyoming history on several levels. Congratulations!

The National Historic Trails Center in Casper recently received the 2011 BLM Director's National Award for Team Accomplishment.

Wyoming statutes require that on schools, organizations and others celebration Wyoming Day. Weston County Chapter is way ahead of the pack. Every year without fail they have a special program that honors Wyoming story of Weston County's women in the Military. We urge educators and others to do something in December 2012 to mark this special event in Wyoming's history.

Sunrise Mine, listed on the National Register of Historic Places, Wyoming author and historian, is a former iron-ore mine and company town located near Guernsey. After touring the historic property with new owner John Voight this fall, students of Mary Humstone researched preservation techtial partnerships for the site. ROCKS FALL AT HISTORIC REGISTER CLIFF NEAR GUERNSEY, WYOMING

A large section of rock that recently sloughed from the face of Register Cliff State Historic Site does not appear to have damaged any of the historical carvings on the monument, according to Division of State Parks, Historic Sites and Trails officials. Also, the section that fell does not appear to have included historical inscriptions.

Due to natural deterioration of the cliff, a section of upper level rock fell near the far north end of the visitor trail. According to officials, rock fell from a section of Register Cliff high above the historical inscriptions on that part of the monument.

The area containing the debris from the rock slide is extremely dangerous due to unstable rocks and boulders. Barricades and fencing have been erected in the area to keep the public away from the debris field. Also, the potential for additional calving of rock from that part of the rock face may still exist.

State Park officials are currently developing a plan to clean up the debris from the area and repair the damaged sections of fence and trail. No specific timetable for the cleanup and repair has been set at this time, but every attempt will be made to re-open the damaged sections as soon as possible.

The public is also reminded that any type of carving, inscription or graffiti on any part of the monument is strictly prohibited.

Wyoming's Fort Bridger State Historic Site designated "Best Preserved Fort," in True West's "Best of the West edition"

The magazine's "10th Annual Guide to Everything Western" lists 60 different categories ranging from photographer to artist to film actor and actress to firearms.

According to *True West*, "The recreated Jim Bridger trading post sells goods to visitors and is but one of the reasons to visit this fort, which has recently upgraded exhibits to include a children's play area, emigrant camp setting and military display. These exhibits help visitors understand the significance of this post that served overland emigrant travelers."

Other Wyoming venues listed in the issue are the Klondike Ranch in Buffalo, Best Guest Ranch; and Warren Nagle Mansion Bed and Breakfast in Cheyenne, Reader's Choice for Best B&B.

The Fort Bridger State Historic Site is located off I-80 at Exit 34 in Southwestern Wyoming.

Suzi Taylor, an employee of the Wyoming Department of State Parks & Cultural Resources who works in the Wyoming State Archives, recently came upon this letter while doing some research. It is dated December 8, 1939. The former governor (1905) -1911) was then president of The Wyoming National Bank in Casper. It appears he is purchasing gift memberships in the Wyoming State Historical Society. At the time membership was \$1.00....now it is \$25.00. That's not too bad considering seventy-three years have passed, and it still makes a wonderful gift anytime of the year!

IN MEMORY

WSHS/Laramie County Chapter member **Judge James E. Bar- rett** died in Cheyenne November 7, 2011 at the age of 89. Judge Barrett, born in Lusk, was the son of Frank A. Barrett, the only person in state history to serve as governor, U. S. Representative and U. S. Senator. Following high school graduation in Lusk, he served in the U. S. Army

during World War II. He graduated with a law degree from the UW College of Law in 1949. After law practice in Lusk, he was appointed Wyoming Attorney General by Gov. Stan Hathaway, serving in that capacity during the "Black 14" incident at the University of Wyoming. Many years later, he wrote an article for *Annals of Wyoming* about his role defending the university in that case. While he was attorney general, he survived a harrowing airplane crash. He was appointed to the 10th Circuit Court of Appeals in 1971-- the third person from Wyoming appointed to that court. He was involved in the disposition of more than 9,000 cases before that court, writing more than 3,000 opinions while serving on the

bench. He continued to serve on the court until his death, having taken senior status in 1990. Condolences to his daughter Ann Sandahl, two sons Richard and John, and his sister Marialyce Tobin.

Alan Bourne, a former president of the Sheridan County Chapter died in October, 2011 in Sheridan. He is credited with helping to save the Sheridan Inn and Trail End Historic Center. Mr. Bourne was an artist and created life-size metal sculptures for the Fort Phil Kearny State Historic Site.

S. Frederick Seymour, a life member of the WSHS, died on June 9 in Denver. We were notified of his death by his wife, Barbara.

Our apologies to WSHS member Joan Anderson for neglecting to report the death of her mother (also a member) **Ruth Anderson**. Mrs. Anderson died in May, 2010 at the age of 96 in Torrington. She was born into a pioneer family in Scottsbluff County, NE, but became a Wyoming resident when she married in 1934 and joined her husband's farming and livestock feeding enterprise near Huntley. Joan said that her mom shared her copies of *Annals* with everyone and actively encouraged others to become members of the county and state historical societies.
