FOREWORD

Through its awards program the Wyoming State Historical Society seeks to encourage and recognize efforts to preserve **Wyoming history**. Candidates for awards have written, published, and copyrighted works pertaining to the **history of Wyoming** or have made significant contributions in historical compilations for which adequate publisher markets do not exist.

The awards program also recognizes significant contributions in numerous other areas of historical activity.

Awards are presented at the Annual Meeting of the Society each September.

Any interested person can, with the approval of the Executive Board of the Wyoming State Historical Society, contribute to Wyoming history by establishing and donating to an award that would become part of this program and be administered by the Society. The donor can, with the approval of the Executive Board, specify the rules for the award and designate what the award will be. For details contact Society headquarters at P. O. Box 247, Wheatland, WY 82201, preferably via e-mail to linda@wyshs.org.

AWARDS PROGRAMS RULES

The activities recognized by the Awards Committee are publications, exhibits, or projects carried out in the awards period, which goes from January 1 through December 31 each year. **All entries must focus on the history of Wyoming.** Awards need not be granted in all categories each year.

Nominations should be submitted through county chapters, if possible. Chapters are urged to use the state awards as a way of honoring local students, researchers, historians, teachers, projects, and members. Nominations may also be made by **individual members** of the WSHS. Please do not send more than one nomination per category except in cases where more than one award may be given. **For instance, in the Publications-Reference category only one award is given so only one nomination may be made. Honorable mention awards can be given to none, one, several, or all the remaining entries. At the committee's discretion, no award may be given in a sub- category if the committee feels none of the nominations are worthy of an award. Note: A nomination may be entered in only one category. ***

**Committee decisions are final. Committee may move nominations to another category as they see fit.*

The Awards Committee may nominate and make awards on its own when no chapter or individual has nominated a project or activity worthy of an award in a category. When a county chapter submits their nominations, **a cover page or list of nominees** shall be included. All nominations must include **adequate supporting information** to aid the judges in their selection of the award winners. Each nomination must be on a separate page.

Please make sure that the entry is complete and that all the parts of the entry are submitted at the same time.

Following these Award Program Rules is a **generic report form on page 6, which must be used for all award nominations submitted by county chapters or individuals. Please use the most current form and provide all information requested on the form.** Completing this form will assist the Awards Committee and provide information for publicity purposes. This form can and should be duplicated for use with each nomination submitted. An electronic copy of the form (in Word) can be requested from Society headquarters by e-mailing: linda@wyshs.org.

When nominating original paintings, sculpture, etc. it is requested that color photos be sent and not the originals. When nominating publications or activity projects, please send a copy of the publication or activity project (if applicable) at the earliest possible time so that the Awards Committee will have adequate time to evaluate.

For young historians, each competing student may consult with teachers and/or parents to determine a project topic, which can be based on new or previously unpublished information obtained through interview or research, or the project can be a creative presentation of previously known facts. History Day formatted projects such as documentaries, exhibits, performances, and websites along with their supporting written materials are encouraged as well as traditional essays. The project must relate specifically to Wyoming history.

Nominations must be postmarked on or before April 30 of each year to be eligible for consideration (except for Youth Awards, which are to be postmarked by June 1). Certificates, plaques, and other awards will be presented at the Annual Meeting of the Wyoming State Historical Society in September. Nominations received after the stated deadline each year, or those which do not receive awards in one year may be nominated another year if eligible (i.e., Fine Arts Award, Mabel Brown Cumulative Contribution Award, L. C. Bishop Award, Henryetta Berry Memorial Award, Judge and Mrs. Percy W. Metz Memorial Award and the Clara M. and Henry E. Jensen Outstanding Wyoming Teacher Award).

The Awards Committee will meet in July to judge the nominations. A compilation of award winners will be prepared by the WSHS Awards Chairman with the information to include: Name of the award, who nominated it, the award winner's name, the committee's reason for its selection, and contacts (chapter's and individual's address, phone number and/or e-mail address). The WSHS Awards Chairman will prepare the awards.

Award winning nominations as well as the others submitted, will be displayed at the Annual Meeting. It is requested that, if possible, each chapter submitting nominations designate a specific individual to retrieve the chapter nominations following the Awards Luncheon.

All categories are eligible to receive an Honorable Mention. Committee decisions are final. Committee may move nominations to another category as they see fit.

Additionally, it is not mandatory that an award be given every year in any category.

Each year's recipients will be posted on the Society's website at www.wyshs.org.

NOMINATION FORM – Note: Books will not be returned; they will be donated to the local library of the host meeting.

MAURINE CARLEY MEMORIAL

PRESERVATION AWARD * **ELECTRONIC SUBMITTALS ONLY.**

The Maurine Carley Memorial Award is made by the Wyoming State Historical Society to an organization or an individual in recognition of an outstanding project in the field of historic preservation. A historic preservation project may span many years, and people are encouraged to submit projects that may represent Wyoming's diverse cultural heritage. Projects may be underway or shall have been completed within the last two years of being nominated for the award.

Possible nominations may include residential, commercial, public, religious, industrial, or institutional buildings, historic sites, trails, cemeteries, archaeological sites, and other places significant to Wyoming history. Preservation projects that focus on objects or items such as photographs, documents, antiques, or books are not eligible for the Maurine Carley Memorial Award. Oral history programs, or similar projects, are also not eligible for this award.

Preservation of sites on the National Register of Historic Places that comply with the Secretary of the Interior's *Standards for Historic Preservation* will be given special consideration. Sites not enrolled in the National Register may also be eligible for consideration. Generally, buildings or objects that have been moved from their original location are not eligible for listing in the National Register unless the location to which they have been moved is characteristic of the location on which they were originally constructed or sited. Although buildings or sites currently used or planned for a use other than that for which they were originally constructed may be considered for the Maurine Carley Award, these buildings or sites should retain features and characteristics that are strongly reminiscent of the original use. For example, a home converted for use as a bed and breakfast might retain these features and traits.

Nominations shall be made by either a local chapter of the Wyoming State Historical Society or the Executive Board of the Wyoming State Historical Society. Nominations must include both a letter and a completed application. A letter to the Historic Preservation Committee, signed by an authorized representative of the local chapter or Executive Board, along with a completed application will fulfill these requirements.

Please note that materials submitted with the application, such as photographs, brochures, and newspaper and magazine articles, must be electronically processed and sent by e-mail.

The Historic Preservation Committee of the Wyoming State Historical Society will review all complete applications that have been submitted electronically by the deadline and determine the recipient of the Maurine Carley Award. Usually, one award per year is given. However, if the Committee chooses, it may give more than one award because of merit. All other nominations submitted may be eligible to receive special recognition. The award need not be given each year.

Maurine Carley, who was a long-time, active member of the Wyoming State Historical Society and acted as its treasurer for twenty years, was a recognized historian and writer. She was dedicated to the preservation of the history of Wyoming and shared this dedication in her writing and in serving as a trail guide for many State Historical Society Treks. **

- **Usually, one award per year is given. If the committee chooses it may give more than one award because of merit. All other nominations submitted may also be eligible to receive special recognition.**

The recipient receives \$300, a plaque, and a Conrad Schwiering print signed by each of the then five living governors (as supplies last).

Please note that this requires a DIFFERENT nomination form than that shown on page 6. The nomination and supporting materials must adhere to the established deadline and submitted electronically. See the application form on the next pages 23 and 24. The information on Page 25-27 is what the Historic Preservation Committee will utilize in determining the recipient.

OUTSTANDING PRESERVATION PROJECT AWARD

*** ELECTRONIC SUBMITTALS ONLY**

The Outstanding Preservation Project Award is made by the Wyoming State Historical Society to an organization or an individual in recognition of an outstanding project in the field of historic preservation that does not focus on the physical preservation of a historic building or site. Those projects that do focus on the physical preservation of a historic building or site may qualify for the Wyoming State Historical Society's Maurine Carley Award.

Projects eligible for the Outstanding Preservation Project Award focus on the preservation of objects or items such as photographs, documents, films, or books significant to Wyoming's history. For example, the preservation of historic photographic plates may qualify for this award. On the other hand, the preservation of equipment or tools may qualify for the award, such as the restoration of a historic wagon.

Projects may be underway or shall have been completed within the last two years of being nominated for the award. Please note that materials submitted with the application, such as photographs, brochures, and newspaper and magazine articles, will not be returned; these materials should be copies, rather than the originals. Scanned photographs are acceptable.

Nominations shall be made by either a local chapter of the Wyoming State Historical Society or the Executive Board of the Wyoming State Historical Society. Nominations must include both a letter and a completed application. A letter to the Historic Preservation Committee, signed by an authorized representative of the local chapter or Executive Board, along with a completed application will fulfill these requirements.

The Historic Preservation Committee of the Wyoming State Historical Society will review all complete applications that have been postmarked by the deadline and determine the recipient of the Outstanding Preservation Project Award. Usually, one award per year will be given. However, if the Committee chooses, it may give more than one award because of merit. All other nominations submitted may be eligible to receive special recognition. **The award need not be given each year.**

The recipient receives \$300, a plaque, and a Conrad Schwiering print signed by each of the then five living governors (as supplies last).

Please note that this requires a DIFFERENT nomination form than that shown on page 6. The nomination and supporting materials must adhere to the established deadline. See the application form on pages 29-31.
